

Job Site Hazard Checklist

Below is a checklist covering the many hazards that you'll be exposed to when working on various job sites. There are some general policies you should be aware of in regards to personal protective equipment (PPE).

Note that some specifications described in the following content may not be the same as the specifications followed by your agency. Always check with your State agency's standards and specifications when using these guidelines.

Sections

- Hazards
- Employee Responsibilities with Hazards
- Supervisor Responsibilities with Hazards
- PPE Policy

Hazards

- Motorists
- Noise
- Electricity
- Bad air
- Falls
- Slips
- Backing accidents
- Rollovers
- Heat and cold
- Cave-ins

Employee Responsibilities with Hazards

- Properly use PPE
- Maintain PPE in good condition
- Check that all PPE functions properly in the face of hazardous conditions

Supervisor Responsibilities with Hazards

- Supplying appropriate PPE
- Instructing employees in hazard recognition
- Instructing employees in proper use of PPE
- Ensuring adequacy of PPE and clothing as maintained by the employees

PPE Policy

- Employees are required to follow the PPE Program as it applies to the selection, maintenance, and wearing of safety equipment
- Failure to abide by the policies will lead to appropriate disciplinary action
- PPE is issued as a last resort when hazards cannot be removed or reduced by other means
- Only approved PPE is permitted to be worn by employees
- All visitors must comply with this program or they will be denied access to the area
